

Dear Valued Customer,

Pioltello, 2023/03/10

REF: REGULATION REACH - CE N. 1907/2006 AND SUBSEQUENT AMENDMENTS

With reference to what is ruled by EC Regulation no. 1907/2006 and subsequent amendments about the use and marketing of chemicals, VITAL S.p.A. engages to collect even among its suppliers all relevant information to verify their state of compliance with the Regulation in question.

Based on the information provided to us by our Suppliers, the evidence turned out to be the following:

- According to Regulation (EC) No. 1907/2006, the products traded by VITAL S.p.A. fall within the definition of article. Any substances contained therein are not "intended to be released under normal or reasonably predictable conditions" (art. 7. Paragraph 1, letter b), and therefore there is no requirement of registration at charge of the company.
- No obligations under Article 33 of Regulation (EC) n.1907/2006 and subsequent amendments fall on VITAL S.p.A.

The list of SVHC substances taken into consideration results to be what is published today on the website of 'ECHA European Chemicals Agency at:

<https://echa.europa.eu/en/candidate-list-table> (update 2023/01/17).

If we should receive information about the presence of SVHC substances in concentrations > 0.1% (w/w) in our items, we will fulfill our responsibilities and give you immediate information.

We remain at Your disposal for any further information

Best regards

VITAL S.p.A.
